"Recommended..."—BOOKLIST

From the beginnings of human history, societies and cultures have established themselves around religious and spiritual practices. Religion has affected decisions personal and political, local and global, and continues to play an important role in the lives of individuals and in the cultures of nations. Featuring an intuitive design and authoritative coverage, *World Religions* explores religion and spirituality in an objective manner, from the ceremonies of the first practitioners to the elaborate rituals of today.

Benefits and features

- Supports 1:1 initiatives, blended instruction, flipped classrooms, and project-based learning
- Offers research topics for courses in history, politics, ethics, classics, arts and culture, literature, and other global studies
- Promotes religious literacy and cross-cultural understanding, and encourages respect for the rights of others to religious liberty
- Excellent source of primary source documents to support DBQ projects and initiatives

The TOP 5 reasons your students need World Religions

1 The Most Unequivocally Unbiased, Objective Coverage

Teaching about religion in public school is not without controversy, yet there is a strong push to increase religious literacy. The Supreme Court has ruled that teaching about religion must be academic, objective, and inclusive and must deepen understanding about religious diversity; it cannot be devotional or exclusive. *World Religions* is completely unbiased and informational, delivering appropriate and trustworthy content.

2 Researchers Can Easily Compare World Religions

The exclusive, editorially curated Topic Centers in *World Religions* are structured identically, allowing for easy comparison of all living religions. This approach emphasizes diversity within and among religions across time, while also showing similarities and common ideologies. The at-a-glance Fact Files in each Topic Center are particularly useful for comparative analysis.

3 Supports the Social Studies Curriculum

Religion plays a significant role in history and society, and thus the National Council for the Social Studies strongly encourages study about religions as an essential part of the social studies curriculum. *World Religions* complements the social studies curriculum by teaching the historical context in which each religion was founded and in which it exists today.

4 Excellent Collection of Primary Source Documents

World Religions includes hundreds of historical documents with introductory paragraphs that provide context and background. In addition, an eBook shelf with complete sacred texts from the world's major religions is included—perfect for document-based learning and strengthening critical-thinking skills.

5 Authoritative Yet Accessible Scholarship—Content You Can Trust

Written by academics, with an impressive contributor list, *World Religions* includes a treasure trove of rich, valuable content. Articles (including more than 5,000 new articles on ancient religions/mythology and faith in America), videos, sacred music, a holidays and observances calendar, sacred texts, primary sources, original maps, and images allow students to delve deep into their topics. Much of the authoritative source list comes from Infobase's 75+ years of reliable reference experience.
